REGULATIONS

1. All users must protect their computers with passwords.
2. Users will not allow others to share their computer/email/URMS/Wi-Fi access or any kind of password and will ensure their computers are used only by themselves.
3. Administrative password control of all computers will be restricted by the ULAB IT.
4. Every one using a laptop and/or mobile device(s) - including personal devices - to access the campus Wi-Fi must register her or his device(s) with ULAB IT.
5. Users will ensure the computers including UPS, printer, speaker, scanner, etc. are switched off before leaving the office.
6. Users will be responsible for proper maintenance including cleanliness of the computer and its accessories.
7. All concerned will be careful in using all IT facilities including computers, turnstiles and other electronic devices in order to obtain maximum utility.
8. Any lost/damage of IT resources while in position of an individual to be made good by the individual concern.
9. In the case of theft, a GD must be filed with the local Thana and inform to ULAB authority within 24 hours.
10. No one may use any IT facilities to commit any crime or break the ULAB Code of Conduct, including (but not limited to): cyber crime, cyber-bullying, sexual harassment, threats, intimidation, theft, identity theft, phishing, hacking, piracy, spam, viruses, terrorism or pornography. (see also ULAB Code of Conduct.)

11. ULAB authority reserves the right to block any Internet sites or allow restricted access and amend any provision of this policy or to add/delete any of provisions any time for the overall interest of ULAB.
